a. Success

**[0:18]** *Hold down the grip with your non-dominant hand to fly up!*

**[0:22]** *Hold down the grip with your right hand to fly up!*

**[0:25]** *Hold down the grip with your left hand to fly up!*

- a. Nice! Ascend to the top. You can lean while flying up!

**[1:40]** *Marvelous — we'll continue when you reach the top!*

**[3:59]** *Keep in mind, you can still move around while you're ascending — I think someone of your talents could make use of that!*

**[4:48]** *You've got it! Now fly all the way to the top!*

**[4:53]** *See how you can move around while you're going up? Pretty neat, huh?!*

8. Great! Fly through the next arch.

[8Gloriana] [2:52] *You're as sharp as your sabers. Keep going through the next arch.*

#### **ENABLE SECONDARY**

9. If Mufid: Mufid's bullet hell is a bullet-trapping orb that will shred your enemies!

[9Mufid] [5:39] *Now, you also have a little something special — a bullet-trapping orb to really tear up your enemies!*

10. Hold your gun sideways, then hold the trigger to charge bullet hell.

[10Mufid] [5:45] *Let's give it a try — turn your blaster sideways and hold the trigger down to charge up your power.*

- a. (once charged) Awesome! Release the trigger at the dummy to fire the bullet hell.

[10Mufid\_a] [5:51] *You're charged up! Release the trigger on that dummy to fire your bubble!*

- b. (on release) Fire bullets into it to shred whoever's inside!

[10Mufid\_b] [5:58] *Now shoot into it — you'll shred everyone inside!*

11. If Gloriana: Gloriana's phantom dash both cloaks her from enemies AND dashes in for the kill!

[11Gloriana] [3:06] *Your swords are lethal, but you need to be up close to make the most of them. That's where your Phantom Dash comes in: not only does it dash you into close range, it cloaks you in the process. They'll never see you coming.*

12. Point both controllers the direction you want to go, then hold both triggers to dash and slice the target dummy!

**[12Gloriana] [3:20]** *Point your sabers in the direction of your target. When you're ready, pull both triggers — you'll slice through the dummy with ease!*

(after secondary target dummy kill)

13. Sick moves! Fly into the drop pod to join a match!

**[13Gloriana] [3:27]** *Outstanding, Gloriana! I can hear the crowd cheering your name already. Fly into the drop pod — time to show the competition who really owns the spotlight.*

**[Re-4]** *Mufid, I'm so proud of you! Head into the drop pod — I think you're ready to take on the world!*
